my Guest Guide

All Information your Guest needs in their mobile

Our clients requested a solution to providing the important details and guides their guests needed during their stay - **and that's how myGuestGuide was born!**

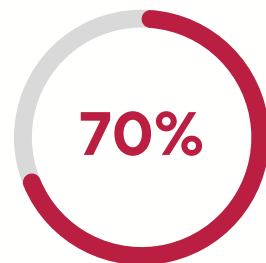

A complete Solution for you
& your Guests

NO APP DOWNLOADS NEEDED!

Just Scan or Click

This is not another app that your guests will require to download. MyGuestGuide is a mobile optimized mini-website easily accessible with either a link click or a QR Scan.

70% of users find it very frustration when a business requires to download an app

80% of consumers abandon a transaction when businesses require them to install an app

Why web based?

Mobile-friendly web-based solutions that do not require a download generally see guest adoption rates of 50-75%. When you do the math, that works out to 3-5X more guests using mobile web-based solutions than native apps.
